

## 2007 GMC YUKON DENALI/XL DENALI

From its smallest detail to its most dramatic technological breakthrough, the Yukon Denali features our highest level of engineering. Our most advanced technology. Our most luxurious appointments. An all-new Vortec 6200 V8 engine has the most horsepower in its class,\* and Denali provides class-exclusive full-time all-wheel drive.\* Denali's redesigned interior is the definition of upscale styling. It has a class-exclusive available heated steering wheel,\* which also features premium materials — including real wood inserts. Chrome accents create a subtle sophistication. The Yukon XL Denali is remarkably spacious, boasting the most cargo room in its class behind the first-, second-, and third-row seats.\*† Denali's exterior is equally striking, featuring styling elements ranging from its trademark chrome honeycomb grille to bold new headlamps, sleek bodywork, chrome accents, and 18-inch polished-aluminum wheels. Yukon Denali — setting the standard.

Yukon Denali shown in Onyx Black with optional equipment. \*Exclusive to GM vehicles. Based on 2006 GM Large Utility segment. †Cargo and load capacity limited by weight and distribution.

1 Official EPA estimates not yet available. Estimates based on GM testing. 2 Cargo and load capacity limited by weight and distribution. 3 Requires available second-row three-passenger seat. 4 Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your GMC dealer for additional details. 5 Available at extra cost. 6 Always use safety belts and proper child restraints, even in vehicles equipped with air bags. Even with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the vehicle Owner's Manual and child safety seat instructions for more information. 7 Head-curtain side air bags are designed to help reduce the risk of head and neck injuries to front and outboard rear-seat occupants during certain side-impact collisions. 8 Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.com for system limitations and details. 9 RDS functions only where stations broadcast RDS information. 10 Requires rear-seat entertainment system. 11 Map coverage includes only the 48 contiguous United States and portions of Hawaii and Canada. Not available in Alaska, Puerto Rico and the Virgin Islands. 12 Not available with rear-seat entertainment system. 13 Requires AM/FM stereo with CD/DVD player or AM/FM stereo with CD/DVD player and DVD-based navigation system. 14 XM is available only in the 48 contiguous United States. Service fees extra. Visit gm.xmradio.com for more details. 15 Use only GM-approved wheel/tire combinations. See dealer for details.
