Where days start and parties end

The kitchen is at the centre of your everyday life. No matter if you're mashing potatoes, sorting your garbage or just hanging out it has to work. 24 hours a day.

That's why we believe that a good kitchen has everything organised according to you and your lifestyle – places for empty bottles or potato peelings. Pots and pans, cutlery and glasses are all within reach and stored at the right height.

IKEA kitchens are thought through from the inside and out.

The smooth-closing drawers, the smart interior organisers, the durable benchtops and our energy-efficient appliances are the main ingredients. Add smart planning (which we can help you with) to make your kitchen a place for cooking, dancing and doing the dishes. For a kitchen that works as good as it looks.

FAKTUM kitchen system have a 25-year guarantee. Find out more on p.66.

Made for everyday life. Tested accordingly.

Cabinets, drawers & shelves To ensure they're really durable we put the weight of enough dinner plates to feed your child's football team on an 80cm wide shelf.

Sinks If it's one thing a sink has to put up with, it's water. Stainless steel sinks are dipped into salt water to make sure there's no corrosion. And ceramic sinks are tested so they don't crack when you pour hot pasta water into them.

Kitchen Fronts Breakfast, lunch and dinner. You open your cabinets many times each day. We hang 2kg on a door and then open and close it 200,000 times to ensure it stands years and years of everyday use.

Taps You use the tap a lot – washing, pouring and rinsing. We test durability by turning it on and off 210,000 times. Then we switch from hot to cold another 140,000 times and make sure that there are no leaks.

Benchtops Your benchtop must stand hot plates and splashes of tomato sauce, so we drench it in water, oil and coffee and then we impact-test the top and edges to make sure they're durable.

GRUNDTAL cabinet lighting

\$39.99 /ea

The right combination of lighting can make it easier to work in the kitchen. Good task lighting, like bench space spotlights, helps you fillet that fish and the spotlights above the cabinet doors makes it easier to find what you need. Add lighting inside glass cabinets and light strips by the floor to help set the perfect cosy mood. General lighting, like pendants, tie it all together. A big change, with small means.

- FAKTUM kitchen with ÄDEL white doors/ drawer fronts \$4990/this combination** What's in the kitchen price? See p. 22. Includes: 1 high cabinet, 5 base cabinets and 9 wall cabinets. There's an easier way to plan your kitchen

What would your kitchen look like white? Now birch. Measure first and then start using the online IKEA Kitchen Planner and play around as much as you want. Move cabinets around, try out different layouts and where to put the sink. Do all the designing from home, then save and print your plan before you head for the IKEA store. Our kitchen specialists will offer tips and assist you in finalising your plan.

Available in your IKEA store or online at

www.IKEA.com.au/kitchenplanner

Pick your style and see the price with the door you've chosen

FASTBO wall panel
\$25/ea

new

The more bench space you've got, the easier the work

The benchspace is the most used area in the kitchen. Maximising it is key to making your kitchen a place where there is space for everyone, so you can catch up while cutting, chopping and slicing. First of all, plan for a big main workspace. Once you've got that sorted, it's time to think about the important details that makes your kitchen even more effective – sink size, the right benchtop material, which space-saving wall organisers you want and what trolley you like the most.

GRUNDTAL spotlight \$49.99/3pk Nickel-plated steel. Designer: Mikael Warnhammar. Bulb: 3xHalogen G4 Max 10W (included).

Benchtops

Benchtops are the tough guys of the kitchen. They face hot pots and sharp objects without fear. They handle oil spills. Still, they look nice. For years. Choose a Ready Made benchtop so you can take it home right away or choose a Custom Made benchtop when you want something specially fitted. Then pick the finish you like – laminate, stone or wood.

IKEA benchtops (except LAGAN) have a 25-year guarantee. Find out more on p. 66.

Sinks and sink organisers

How much sink space do you need? You can go for one large single bowl – good for cleaning big pots and pans. Or choose a two bowl sink so you can use each separately. Most sinks can be reversed to get the working surface to the left or the right. And no matter if you prefer a stainless sink or porcelain, you can always add smart sink organisers to make your sink a practical part of the workzone – for rinsing, preparing, washing and drying.

IKEA sinks have a 25-year guarantee. (Except LAGAN) Find out more on p. 66.

ALSVIK single-lever kitchen mixer tap

\$129

LAGAN single-lever kitchen mixer tap
\$34.99

Taps

The right tap is one that works for you and for your kitchen too. That's why IKEA have taps with different functions - from easy to use single levers to pull out spouts for fast rinsing - and in different styles. All have a built-in water saving device, which adds more air to the water flow. The water pressure is just as hard and cleans plates just as well, only that less water is used. So, now you save a little water every time you turn on the tap.

All kitchen taps have a 10-year guarantee (except LAGAN). Find out more on page 66.

- 1. ALSVIK single-lever kitchen mixer tap \$129** WELS 4 Star Rating, 7.5L/min. Nickel-plated brass. H35cm.

Wall panels and shelves

Besides changing your kitchen's style, wall panels make spots and splashes easier to clean. The panels are easy to mount – even over existing tiles – and easy to change too. Using MARGINAL shelves is another easy way to combine function and style. Cut them to suit the space you got and get easy access storage that match your kitchen doors too.

A smart inside makes the outside look even better

It's the small things inside that make the big difference. The dividers, trays and boxes that make things easier to find in your drawers and cabinets.

RATIONELL interior organisers help you organise the space inside drawers and cabinets. Each function – like drawer dividers and plate holders – is designed to give each thing you have a place of its own. With RATIONELL you can make room for all your pots in deep drawers near the cooking area and keep cutlery and utensils close at hand.

RATIONELL divider for deep drawer, set of 8

Waste management and cleaning organisers p. 50

Easy to find, easy to use

With RATIONELL interior organisers all your pots, pans, spices and utensils can get a home of their own, designed to suit each and every one of them, in your drawers and cabinets. And don't forget to place things where you need them the most, within easy reach from the cooktop, oven and sink.

1. Making use of all the space you have got, like the inside of a cabinet door, this spice rack gives you an easy-to-reach overview.

RATIONELL VARIERA spice rack with 6 jars \$19.99 Aluminium, plastic and glass. W36xD6, H11.5cm.

2. Go flat and line up your spice jars in this drawer insert, to keep them organised and ready to use.

RATIONELL insert for spice jars \$9.99/ea To be placed in a drawer for storage of spices. Glass fibre reinforced polyester. W10xD49, H2cm. Mistletoe pattern/beige.

3. Now it is easy to use all of your pots and pans, even the ones in the back. Just swing open the RATIONELL two-shelf carousel.

RATIONELL corner base cabinet carousel \$150 Adjustable shelves; adapt spacing according to your personal storage needs. Melamine foil finish and steel. Max. shelf load 12kg. Ø82, H6cm. Grey.

4. Spices, pasta and flour – all of it needs air tight storage to stay fresh and tasty but the sizes of the jars differ. With boxes it is easier to group your food and containers in a way that works for you.

RATIONELL VARIERA series Box \$7.99 Plastic. W29xD18, H10cm. Transparent.

Box \$19.99 Tinted birch veneer. W48xD24, H15cm.

Box for vegetables \$16.99 Ventilated base. Tinted birch veneer. Designer: Ellinor Portinson. W24xD24, H15cm.

5. Adjustable drawer dividers allow you to organise your drawer space to suit every spatula, spoon and whisk.

RATIONELL divider for drawer, set of 10 \$29.99 Adjustable dividers; helps you organise the drawer space according to your own storage needs. Plastic and aluminium. Dimensioned for RATIONELL drawer. Frame W60cm.

Save space and speed up your kitchen

Having every thing in the right place is the secret behind a kitchen that works well. If your bowls, cutlery and plates are well organised, then your cabinet and drawer space will help save you time finding the things you need.

Appliances made to match your needs and our kitchens

When developing our appliances we have thought about your everyday kitchen needs and made a selection of appliances to make your cooking easier.

To make the right choice, first consider what type of cook you are – an ambitious amateur or a pasta pro – and how often you cook. Then it will be easier to decide which chef-friendly functions match your cooking needs – from quick heat microwave ovens and ovens with pizza functions to gas and glass ceramic cooktops.

Our built-in appliances are also designed to match and fit IKEA kitchens to make the look just as smooth as the function. And they're durable too, which is why they are covered by 2 year manufacturer's guarantee in the low price. That way you can enjoy your kitchen everyday, for years to come.

Ovens, microwave ovens, cooker, fridge/freezer and dishwasher

Our ovens and microwave ovens have a number of functions for different needs – some can be programmed for preparing meals in advance and others have catalytic cleaning to help keep the oven clean. All of them can be built into FAKTUM cabinets, which makes it possible for you to place it at an ergonomic height. The dishwasher, with a 3 star water rating, is fully integrated, so you can choose a front that matches your kitchen doors.

60cm space. W59.7xD55.5, H82cm.
Door, benchtop and plinth sold
separately.

Range hoods and cooktops

Our cooktops come in a range of functions and designs. Glass ceramic cooktops offer even heating and are easy to clean. Gas cooktops are instantly responsive and some have automatic shut-off safety valves. Our hoods efficiently remove food odour and steam and come in a variety of designs, coordinated with the cooktops. Choose between wall-mounted canopy range hoods or built-in range hoods. And remember, the larger your kitchen, the higher the extraction rate of the hood should be.

ELDIG HOB 583S gas cooktop \$790 5 burner gas cooktop featuring 4 crown wok burner, flame failure and cast iron trivets. Electronic ignition. W86xD51, H9cm. Stainless steel.

How to buy your new IKEA kitchen

1 Get inspired

Can you get your kitchen in oak? Or in yellow? Go to www.IKEA.com.au/kitchen and spend some time browsing through kitchens in different styles.

2 Measure your space

Almost all kitchen spaces have an awkward corner. But if you measure first, almost everything can be sorted out. If you need help measuring, just contact your local IKEA store and we'll help you get the measuring done right at a low cost.

3 Start planning

Use the free 3D planner at www.ikea.com.au/kitchenplanner or use the paper punch-outs (available in store), fill in your measurements and start visualising your ideas. When planning your kitchen, make sure there is a big main workspace and then consider your storage needs and which appliances you want. Using the kitchen planner, you can save all your ideas on our website and go through them again with our in-store kitchen specialists.

4 Finalise your solution

When your plan is set, including storage and your choice of appliances, it is time to complete your kitchen. Things like wall organisers and trolleys add both function and style. And don't forget lighting, to make your kitchen look good and work well.

5 Decide how much help you want

An IKEA kitchen is constructed so you can easily assemble and install it yourself to save money. But if you want, we can help out with delivery, assembly and installation at reasonable fees. We can help you with financing too. For more details, contact the kitchen planning specialists in your local IKEA store.

How to plan your new IKEA kitchen

Measuring is the first step

Start with measuring from floor to ceiling, from wall to wall and from the corners to doors.

Then, measure the size of your windows and doors, plus the distance to the ceiling, the corners and the floor. It's also a good idea to mark onto your drawing the space that doors and windows need to open.

Finally, mark the placements of the existing electrical outlets, switches, water pipes, gas connections and radiators.

Once you have the measurements, plug them into the kitchen planner at www.IKEA.com.au/kitchenplanner and play around to see what's possible.

Getting the work zones right

To create a natural workflow in your kitchen you can divide it into three main work zones – for cooking, storing and washing. Placing them right is crucial to get an ergonomic working triangle, where everything is within reach.

For storing, make sure you have enough storage for all the food – both for dry goods and in the fridge. A benchtop nearby your high cabinets and fridge makes it easier to unpack shopping bags. The sink is good to place between hob and fridge, so you can prepare food and wash dishes easily. As for the cooking zone, place the hob near the sink

for easy access to water so you avoid crossing the kitchen with hot pots and pans.

Having enough benchspace is crucial for making your kitchen work well. It is where you bake, chop, mix, stir... A rule of thumb is to have a main workspace that is at least 80cm wide. Preferably it is placed between cooktop and sink, but it can be located on a kitchen island too. In addition, it is good to have workspace on each side of sink and cooktop – for putting away dishes to dry and for bowls and pots.

Choose your services

Measuring

You do it

A crucial part of the kitchen buying process, measuring not only allows you to check that your chosen kitchen will fit and see what changes need to be made, it ensures the success of your installation. See p. 60 for step-by-step instructions or log onto www.IKEA.com.au/kitchen to see our complete kitchen guide and measurement instructions.

You do it with help

If you require assistance in measuring your kitchen, that can be organised quickly with a reputable and professional installation company. One of the installation project managers can visit your home and measure the room, positioning of windows and doors, check the walls and position of all service connections and transfer all of the information to an IKEA kitchen planning file.

Visit www.IKEA.com.au/kitchen and follow the link to kitchen installation or inquire at your local IKEA store.

Installation

You do it

IKEA kitchens are specifically designed to be easily assembled and installed. But so that you aren't left scratching your head we've produced a self-installation booklet, available in store.

You do it with help

The installation service is based on an à la carte menu, simply meaning you order the services you require help with, which can include:

- demolition and removal of your old kitchen
- cabinet assembly and installation
- benchtop cutting and installation
- installation of sinks, taps and appliances
- connection to electricity, gas and water
- plus carpentry, flooring and tiling services

Prices for all services can be viewed online at www.IKEA.com.au/kitchen and follow the link to kitchen installation or phone 1300 799 289

Home delivery

You do it

All IKEA kitchens are flat-packed for easy transport so your own vehicle may be adequate. If you do need help getting your IKEA kitchen home, prompt delivery at reasonable rates is easy to arrange. At IKEA, delivery is never included in the price of your furniture but is available if you need it from a professional home delivery company at reasonable rates.

Inquire in store or at www.IKEA.com.au/kitchen

Payment options

At IKEA stores you can pay the way that best suits you. We accept cash, EFTPOS, Visa, Mastercard, Personal cheques (with proper ID), a finance option and of course IKEA Gift Cards. For more information regarding our Finance Option, please see your local IKEA store.

FAKTUM cabinet buying guide

Base cabinets Height 70cm, depth 60cm incl. door, unless otherwise stated.

Cabinet height 86cm incl. plinth. Prices include frame, fronts, hinges, shelves, drawers, drawer dampers, wire baskets, pull-out fittings and carousels where shown. Choose plinths and legs

FAKTUM base and high cabinets can be used with a choice of plinths/legs or visible legs giving you an option of integrated or freestanding design. Choose 11cm high legs for a working height of 85cm, 16cm high legs for 90cm and 21cm high legs for 95cm.

FAKTUM adjustable legs, 4pk.
H14.5-18.5cm. Pre-adjusted to 16cm. For use together with plinth, mounting fittings included. Each leg will support a maximum load of 125kg.
\$15/4pk

PERFEKT plinth, L220xH16cm. Can be cut to desired length. Wall strip and one extra edging strip are included for installation.

White foil **\$30**
Black foil, Stainless steel foil **\$40**
Birch veneer, Beech veneer, Black-brown veneer, Oak veneer, Yellow-brown veneer, Solär white **\$50**

CAPITA adjustable legs, 4pk. Stainless steel.
H11-12cm **\$20**
H16-17cm **\$25**
H21-22cm **\$30**

UTBY adjustable leg, 2pk. Stainless steel. The legs must be fixed to the floor when used in a kitchen island. Anchor fitting for fixing to floor included. Screws are sold separately; choose screws which are suitable to the floor.

H16cm **\$20/2pk**

UTBY

UTBY shelving unit of stainless steel have adjustable legs so that it stands steady on uneven surfaces too. Anchor fitting for fixing to the floor included. Choose between tabletops in the same series or a pre-cut or made-to-measure benchtop.

Do you need a larger work surface with a practical storage place? Then, you can extend your kitchen with UTBY shelving unit and a matching benchtop. The open shelf gives an airy impression - and allows you to reach things from two sides.

If you place UTBY shelving unit between two FAKTUM base cabinets your kitchen will be airier and your pots easier to reach. With the help of the adjustable legs, you can set the shelving unit at the same height as the base cabinets so you have an even surface to work on.

Place UTBY shelving unit in the middle of the kitchen and you will have a kitchen island with an extra work surface and a practical storage place that's easy to reach from every direction. Complete with a table top from the same series or a matching pre-cut or made-to-measure benchtop.

Shelving unit L120xD60, H90cm **\$340**

With UTBY brown-black tabletop **\$399**
With NUMERÄR laminate benchtop **\$520**
With NUMERÄR solid wood benchtop **\$640**
With VIKÅ HYTTAN table top, stainless steel **\$480**

Conditions for our guarantees

FAKTUM/RATIONELL

What is covered under this guarantee?

This guarantee covers defects in material and workmanship in the following kitchens. This guarantee applies to domestic use only.

FAKTUM kitchen system

What products are covered under this guarantee?

This guarantee covers all of the following parts of the FAKTUM kitchen system: Cabinet frames • Fronts • INTEGRAL hinges • Legs • Plinths • Benchtops that are at least 3.8cm thick • RATIONELL shelves of tempered glass and melamine • RATIONELL full-extending drawers • RATIONELL wire baskets • RATIONELL drawers under oven • RATIONELL floor level drawers • RATIONELL dish drainers for wall cabinet • Cover panels • Deco strips/mouldings • PERFEKT shelves and wine shelf • Sinks

What products are not covered under this guarantee?

Knobs, handles, interior and wall accessories not listed above, kitchen trolleys, freestanding kitchen islands and shelving units not composed of FAKTUM cabinetry and benchtops that are less than 3.8cm thick. 'Custom Made' benchtops and Whirlpool® appliances are covered by a manufacturer's guarantee.

Freestanding kitchens

What products are covered under this guarantee?

This guarantee covers defects in material and workmanship on all the parts in the VÄRDE freestanding kitchen series.

What products are not covered under this guarantee?

VÄRDE knobs and handles. VÄRDE baskets, shelves and wall shelves in solid wood and UDDEN freestanding kitchen series are not covered by this guarantee.

LAGAN kitchen system

LAGAN is not covered by the guarantee at all.

For more details, speak to one of our kitchen specialists at your IKEA store.

KITCHEN MIXER TAPS

What is covered under this guarantee?

The 10-year guarantee is valid for all kitchen mixer taps at IKEA, except LAGAN kitchen mixer tap. This guarantee covers defects in material and workmanship. This guarantee applies to domestic use only. All our mixer taps are tested to AS/NZS 3718:2005, and the WELS scheme AS/NZS 6400:2005.

What is not covered under this guarantee?

This guarantee does not apply if the products have been used for public use, outdoors or in a corrosive environment.

For more details, speak to one of our kitchen specialists at your IKEA store.

FAVORIT

Valid for all pots & pans without non stick coating (incl cast iron pots & pans)

FAVORIT

Valid for all pots & pans with non-stick coating

What is covered under this guarantee?

This guarantee covers function, materials and workmanship in all cookware in the FAVORIT series. The guarantee covers: • Stability of the base. • Washing in a domestic dishwasher (with the exception of non-stick coated items or items made of cast iron which we recommend should be washed by hand). • Non-stick properties on non-stick pans.

What is not covered under this guarantee?

This guarantee does not cover changes in the appearance of the cookware unless they have a significant effect on function.

What will IKEA do to correct the problem?

IKEA will examine the product and decide if it's covered under this guarantee. IKEA will then, at its choice, either repair the defective product or replace it with the same or a comparable product. In these cases, IKEA will be responsible for the costs of repairs, spare parts, labour and travel for repair staff that IKEA incurs, provided that the product is accessible for repair without IKEA incurring additional expenditure to gain access. This will not apply in cases where repair work has not been authorized by IKEA. Any defected parts removed in the course of repair works will become the property of IKEA. If the item is no longer sold by IKEA, IKEA will provide an appropriate replacement. IKEA will decide at its discretion, what will constitute an appropriate replacement.

Conditions for the guarantees

The guarantees are valid from the date of purchase at IKEA. The original purchase receipt is required as proof of purchase.

Exclusions

The guarantees do not apply to products that have been stored or assembled incorrectly, used inappropriately, abused, misused, altered, or cleaned with wrong cleaning methods or wrong cleaning products. The guarantees do not cover normal wear and tear, cuts or scratches, or damage caused by impacts or accidents. The guarantees do not apply if products have been placed outdoors or in a humid environment or if the products have been used for non-domestic purposes (unless otherwise stated). The guarantees do not cover consequential or incidental damages. The guarantees are to the benefit of the original purchaser of the product. They are not transferable. For details see the guarantee conditions and description for every product.

Care instructions

To be able to rely on this guarantee you need to follow the specific care instructions for every product. You will find all care instructions in the IKEA stores and on the IKEA web site: www.IKEA.com.au

General Legal Rights:

This guarantee gives you specific legal rights. It does not affect your rights as a consumer under the Commonwealth Trade Practices Act or state and territory legislation.

How to reach us if you need service:

Contact your local IKEA store. You will find the address and phone number in the IKEA catalogue or at www.IKEA.com.au

Save the sales receipt!

It is your proof of purchase and required for the guarantee to apply. This receipt is made of thermal paper which will fade over time. Please photocopy and staple it to your original receipt for your permanent record. If anything happens, or if you're not satisfied, just contact IKEA at www.IKEA.com.au

To find out more pick up the EVERYDAY QUALITY information in your local store.

IKEA DISCLAIMER

Every reasonable effort will be made to ensure that all featured merchandise is available, but interruptions in supply may occur. IKEA also reserves the right to vary specifications and design or use alternative materials or products as may be deemed necessary at any time (changes or variation not to affect quality or performance). Sorry, no rainchecks available.

Brochure prices are valid for the life of the brochure, as stated on the front cover. While great care has been taken to ensure accuracy of all prices and descriptions, IKEA reserves the right to correct errors or misprint and adjust prices, especially for GST, customs duty or other statutory charges that are out of our control.

You're passionate about cooking; we're passionate about cookware

All pots and pans in the FAVORIT cookware series have either a 25-year or 10-year guarantee. Find out more about our guarantees on p.66 or on www.IKEA.com.au
