A WINDSHIELD TRIM

WITH TURN SIGNAL ACCENTS FOR GL1800

You appreciate ooo's & ahh's from onlookers, so here's another chance to amaze the crowd. This Windshield Trim is a huge improvement over the plain black rubber it conceals - a pristine chrome finish punctuated with crisp L.E.D. turn signal accents. The result is a clean transition from the windshield to the fairing & a higher degree of visibility as well. A great look with simple plug-&-play installation!

Fits: '01-'10 GL1800 Models ('06-'10 GL1800 requires P/N 7300 for plug-&-play installation)

CHROME ROTOR COVERS & L.E.D. RING OF FIRE™ FOR GL1800

The Chrome Rotor Covers & Ring of Fire will really take center stage on your GL1800. The beautifully chromed disc brake Rotor Covers change the plain, unfinished axle retainer, hub & brake rotor into one sleek gleaming unit. In the daylight they'll shimmer in the sunshine but night time brings out another dramatic effect. Brilliant, weather resistant amber L.E.D.'s punctuate the slots in the trim ring while another inboard set of L.E.D.'s reflect on the front wheel, setting it ablaze with your choice of colors.

If you prefer a more subtle look the chrome Rotor Covers are available without the L.E.D. lighting effects. Separate Ring of Fire kits are available as an upgrade if you choose to add them at a later time or if you desire different colors.

A CHROME TANK TRIM WITH KNEE PADS

Patent Pending

Every Sunday, you share something with café racers of decades past: You're out there riding the twisties! Those old Triumphs didn't have rubber kneepads on their tanks just for looks- check out the scuff marks on your tank after a vigorous ride. Contoured to match the lines of your Wing, the chrome trim adds style & the rubber pads add function & comfort. This is the perfect addition to protect new paint or cover up existing battle scars.

Fits: '01-'10 GL1800 Models

3916 | Tank Trim with Knee Pads (pr) | \$109.99

B CHROME HANDLEBAR TOP COVERS FOR GL1800

Patent Pending

Cockpit transformation taken to the next level with these awe inspiring pieces of eye candy. Cover those ground-casting edges left behind & show off your two-wheeled masterpiece. Peel-&stick installation for virtually zero down time.

Fits: All '01-'10 GL1800 Models

3747 | Chrome Handlebar Top Covers (pr) | \$79.99

C FRONT & REAR SPEAKER TRIM

FOR GL1800 Patent Pending

The Front Speaker Top Trim for the GL1800 is a part that will give your dash a blast of sizzling style that you can see every time you ride. This perfectly sized accent adds much needed chrome to your dash with minimal effort. Installs in seconds & goes great with all Kuryakyn cockpit accessories. Bring your bike into the next dimension by showing off those rear speakers in style with the Passenger Speaker Outer Trim for the GL1800. Featuring a 3 dimensional depth design & just the right contour, your bike will shine in any light. Installation is as easy as it gets; peel-&stick does the trick.

Fits: All '06-'10 GL1800 Models

3739	Front Speaker Top Trim (pr)	\$39.99
3732	Passenger Speaker Outer Trim for GL1800 (pr)	\$39.99

D GLOVE BOX ACCENTS

While many riders choose to highlight their glove boxes with ordinary pin striping, nothing can match the explosive sizzle of Kuryakyn chrome! This three dimensional trim adds the illusion of speed & reflects light for sparkle & depth not possible with ordinary paint accents.

Fits: '01-'10 GL1800 Models (except Airbag Models)

3736 | Glove Box Accents (pr) | \$59.99

E GAS TANK DOOR TRIM

Like a big scoop of vanilla ice cream on a warm piece of apple pie, this Gas Tank Door Trim is delicious when served with our Glove Box Accents. Although tasty by themselves, some things are just better together!

Fits: '01-'10 GL1800 Models

3738 | Gas Tank Door Trim (ea) | \$39.99

F DASH TOP TRIM

While seated in the cockpit of your decked out Wing, did you ever notice something was missing? We did too. Styled to evoke the look of a classic 50's luxury car, this tasteful dash trim can be admired by the driver, passenger, & anyone viewing your bike from the front. In addition, it also acts as an effective visor for the instrument cluster. Just peel, stick, & enjoy!

Fits: '06-'10 GL1800 Models

A CHROME LOW PROFILE SPOILER

WITH L.E.D. RUN-TURN-BRAKE LIGHT FOR GL1800

Patent Pending

Nothing looks better than the fully chromed smooth lines of this spoiler perched on top of your tour trunk. With included L.E.D. Run-Turn-Brake Light Bar you get full visibility up high for added safety with bling all in one. The entire bar lights up as running & brake light, outer 1/3's function as turn signals & the desired end flashes bright amber. Similar in height to the Honda spoiler, this piece of art installs with most luggage racks & uses the same mounting holes as Honda's '05 - newer style spoiler. Plug-&-Play wiring with included drilling templates makes for an easy install.

3228 | Low Profile Spoiler with R-T-B (ea) | \$279.99

Note: Plug-&-play wiring connects behind license plate to main rear harness. Trike applications typically require custom wiring. Does not accept Spoiler End Trim (P/N 3217).

B TRUNK TAILLIGHT VISORS

NEW

FOR GL1800 Patent Pending

Throw some Chrome Visors above your euro style taillights & make them pop! Contoured for a direct fit, let the sunlight sparkle off the chrome without blocking any of the taillight lighting. Simply peel-&-stick, you will amaze everyone as you pass them by.

Fits: All '01-'10 GL1800 Models

3229 | Trunk Taillight Visors (pr) | \$45.99

C CHROME SADDLEBAG SPOILERS

FOR GL1800 Patent Pending

Classic styling for your modern bike with these easy to install Chrome Saddlebag Spoilers. Made from a durable, light-weight ABS, these spoilers are contoured just right to fill the void between trunk & saddlebag.

Fits: All '01-'10 GL1800 Models

3218 | Chrome Saddlebag Spoilers (pr) | \$69.99

D LICENSE PLATE TRIM PANEL WITH RUN-BRAKE ACCENT LIGHT

NEW

FOR GL1800 U.S. Patent D528,486

Nothing else can compare to the complete transformation of this elegant chrome panel. A full L.E.D. running & brake light accent is completed with a red lens for increased visibility & wrapped in a brilliant chrome finish to top it off. Included is a drilling template & plug-&-play wiring for simple installation that will have a huge impact when complete.

Fits: All '01-'10 GL1800 Models

A INFINITY™ LIGHTS FOR GL1800 TOUR BOX U.S. Patent 7,029,152

Few GoldWing accessories will leave as many people staring in disbelief as Infinity Lights. Performing double duty, they appear as graceful chrome accents until you bring them to life with the supplied controller. Now, an array of multi-function L.E.D.'s illuminate steadily, flash, or continuously fade through 7 spectacular colors in a display that gives the illusion of infinite depth. Color, flash speed, & color cycle rate are variable & power draw is minimal.

Fits: '01-'10 GL1800 Models

4622 | Infinity Lights for Tour Box (pr) | \$299.99

Note: Works great with or without Passenger Armrests.

7-COLORS IN ONE!

B L.E.D. LIGHTED TRUNK LID HANDLE FOR GL1800

Style & function become one. Add a handle to the tour trunk while positioning an L.E.D. brake light up higher for added visibility. This handle also works great with the Küryakyn or Honda spoiler.

Fits: '01-'10 GL1800 Models

3215 | L.E.D. Lighted Trunk Lid Handle for GL1800 (ea) | \$99.99

C MULTI PLUG-&-PLAY HARNESS FOR GL1800

Here's a great way to simplify & clean up the wiring from your Küryakyn lighting accessories! Designed for either the front or rear, each kit has what you need to plug in up to 5 accessories in the front or 8 accessories in the rear. Install 2 kits for 8 accessory connections in the front.

Fits: All '01-'10 GL1800 Models with Küryakyn Accent Lighting that connects to the OEM harness at the mirrors or behind the license plate using Küryakyn in line Y Harness.

7302 | Multi Plug-&-Play Harness (Kit) | \$19.99

Note: This harness does not replace the use of one main Plug-&-Play Harness or the use of P/N 7300 required for '06-Up GL1800 front turn signal applications

D TRUNK KEYHOLE TRIM

FOR GL1800 Patent Pending

Small part, huge impact! With a touch of pin striping in the chrome & even covering inside the lock depression, this trim piece adds a touch of classic styling to your ride.

Fits: All '01-'10 GL1800 Models

3219 | Trunk Key Hole Trim for GL1800 (ea) | \$19.99

E SPOILER END TRIM WITH L.E.D. ACCENT LIGHTS FOR GL1800

It's all about visibility. Whether aesthetic or an extra measure of defense against heavy-eyed car jockeys, there's nothing like bright chrome & L.E.D.'s to increase awareness. Gleaming chrome spoiler accents deploy brilliant auxiliary running lights angled outward to help get the attention of surrounding traffic. A plug-&-play installation (select as either additional brake or turn signal accent) enhances form & function!

Fits: Current style Honda spoiler for all '01-'10 GL1800 Models

Note: Not intended for older style spoilers manufactured '01-'05 with outside ends that curve down or Kuryakyn Spoiler (P/N 3228).

3217 | Spoiler End Trim with (2 Function) Accent Light (pr) | \$129.99

F UNDER TRUNK LIGHTBAR FOR GL1800 Patent Pending

NEW The perfect addition to any GL1800! Combined with other chrome or as a stand alone part - it makes a huge impact! Mounted on the underside of the trunk this accent fills a normally dull recessed area & combines added safety & radical styling. Housed inside this beautiful chrome accent are super-bright L.E.D.'s that function as run-brake lights.

L.E.D. REAR FENDER CORNER TRIM

FOR GL1800 CALIFORNIA SIDECAR TRIKES U.S. Patent D575,201

Mini chrome ground effect strips with rear corner marker lights for your trike will surely get some attention. The 12" long light bar with red lens wraps the corner & functions as running lights & turn signal accents. These chrome strips add style & adhere against the lower edge of your fenders. Wiring them into the taillights requires drilling a simple hole behind your taillights.

Fits: All '01-'10 GL1800 California Sidecar Trikes (cobra kit)

3224 | L.E.D. Corner Trim (pr) | \$169.99

Note: Does not work with California Lower Light Bar Bumper accessory.

LIGHTED SADDLEBAG MOLDING

FOR GL1800 U.S. Patent 6,939,029; D488,105 & D477,551

These chromed replacement lighted moldings add the sparkle & elegance of the old style chromed tubular light bars without the added weight, mounting holes, potential for rust, & maintenance. These replace existing parts on the bike so there is no added bulk. All stock mounting points & hardware are retained. The state-of-the-art red L.E.D. lights have an eye-catching, brilliant quality that draws minimal power & generates very little heat. These lighted moldings look great by themselves or with the other L.E.D. accessories that we offer for the GL1800. Any other type of light bar is now ancient history.

Fits: '01-'10 GL1800 Models

3202	Red Lens L.E.D. Saddlebag Molding Set (4 pcs)	\$249.99

TRIPLE STRAIGHT EXHAUST EXTENSIONS

FOR GL1800

These burly Exhaust Extensions really make a statement. Their size & six outlets elude to the power of the 1800 c.c. giant. Although the six outlets are massive for the appearance of a high performance exhaust system, they are actually sealed off & the exhaust gases are directed downward, out the bottom of the extension. This will keep the visible end of the extension clean & it will aid in keeping soot off saddlebags & trailers. These extensions easily replace the stock muffler tips & include necessary mounting hardware.

Fits: '01-'10 GL1800 Models

Shown with Red Accent Ring (Sold Separately)

ISO®-GRIPS FOR GOLDWING U.S. Patent D411,432

Combining style & comfort, Kuryakyn ISO-Grips are a quantum leap forward in hand grip design. Like the popular ISO-Pegs, these grips provide a soft, non-slip surface that dampens operating vibration. Recessed areas between the ISO-Pads permit air flow for added comfort in hot weather. The knurled chrome accent ring adds a classy detail.

Fits: '75-'10 GoldWing Models

6180	ISO-Grips with Chrome Accent (pr)	\$74.99
6243	Replacement End Cap (pr)	\$25.99
6244	Replacement End Cap (ea)	\$13.99
6245	Maltese Cross End Caps (pr)	\$26.99

Note: These grips do not support the heated grip option on many late Model bikes. Requires removal of OEM bar-end weights found on many bikes. Removing these weights is a simple affair & the vibration absorbing quality of our ISO-Grips more than compensates for the vibration damping lost by removal of the bar-end weight. Add Bar End Weights (P/N 6238) if desired.

WIDESTYLE LEVER SETS

Our own exclusive design with reamed brass bushings. These are wider & more comfortable chrome levers for '90-'00 GL1500 & '01-'10 GL1800. This reduced reach design is also very popular among riders with small hands.

7430	Fits: GL1500 (pr)	\$41.99
7435	Fits: GL1800 (pr)	\$39.99

CHROME ADJUSTABLE LEVER SETS FOR GL1800

E UNIVERSAL THROTTLE BOSS™

Regardless of what type of bike you ride, the Throttle Boss will make riding any distance more comfortable. Designed to fit any type or size grip, the Throttle Boss can be installed in seconds to provide a cushioned "platform" to rest one's palm. When not in use, it can be quickly removed (without tools) & stowed in a jacket pocket, tool bag, etc.

F WIDE UNIVERSAL THROTTLE BOSS (XL)

NEW

Enjoy your ride even more! Its simple wrap-around-your-grip system allows you to install & ride in no time at all, while still allowing you to have ease & control of your throttle. And with a larger size palm rest, you'll gain more support under your hand.

Fits: Any application with a twist grip throttle

G CRUISE ASSIST

The CrampBuster provides a way for comfortable throttle control & dramatically reduces the wrist fatigue often caused by long rides. The CrampBuster will rotate forward all day long. Yet when downward pressure is applied by your hand, the throttle is regulated effortlessly & accurately — without squeezing.

L.E.D. BATTERY GAUGE

Our L.E.D. Battery Gauge is an array of L.E.D.'s indicating the operating voltage of the bike's electrical system. Green L.E.D.'s represent the normal operating range of your charging system, 12.5v to 14.5v. Amber L.E.D.'s warn the rider that the bike is not charging. If the reading drops below 10v or exceeds 15v a flashing red L.E.D. will alert the rider of an impending stall or the possibility of damage to the battery &/or sensitive electronic components on the motorcycle. Simple two-wire connection & a compact size (about 2" x 3/4" x 3/16") make installation a breeze.

RANGE OF MOTION

ERGO II CRUISE MOUNTS FOR GL1800

Ergo II Cruise Mounts are undeniably the best highway pegs available for the GL1800. The sturdy two-piece clamp assembly comes with either the 6" long arm or Mini Arm. Simply select the arm length that suits your needs. Each mount is easily installed & locates the swingarm mounting point high & tight for excellent cornering clearance. Each arm comes with various footrest options while providing a wide range of adjustability. The Ergo II is sure to please.

Fits: '01-'10 GL1800 Models

EXTENDED PEG MOUNT CLEVIS

Replace the stock clevis & move your highway pegs out 7/8" on each side with these simple to install mounts. Just a little extra width to get your legs around your fairing.

Fits: All Ergo & Ergo II Cruise Pegs equipped with Short (4-1/2") or Long (6") Arms

Does not install with Mini Ergo Arms or Floorboard Applications

4075	Extended Peg Mount Clevis (pr)	\$34.99
------	--------------------------------	---------

Note: Mount arm is suggested to be positioned horizontally or above to maintain appropriate ground clearance.

LONGHORN OFFSETS

Our stylish Longhorn Offsets provide 360° of adjustability so they can be used to position the peg closer to the rider or further away. The mounts' 3-1/4" arm gives an incredible 6-1/2" range of adjustment. Incorporating an innovative locking device, this mount is guaranteed not to slip. These give you a wider range of adjustment than our standard Offset Pegs (P/N 7976) & works great on GoldWings or most bikes with 1" engine guards.

RIGHT ANGLE PEGS WITH QUICK CLAMPS

U.S. Patent D405,393 & D411,440

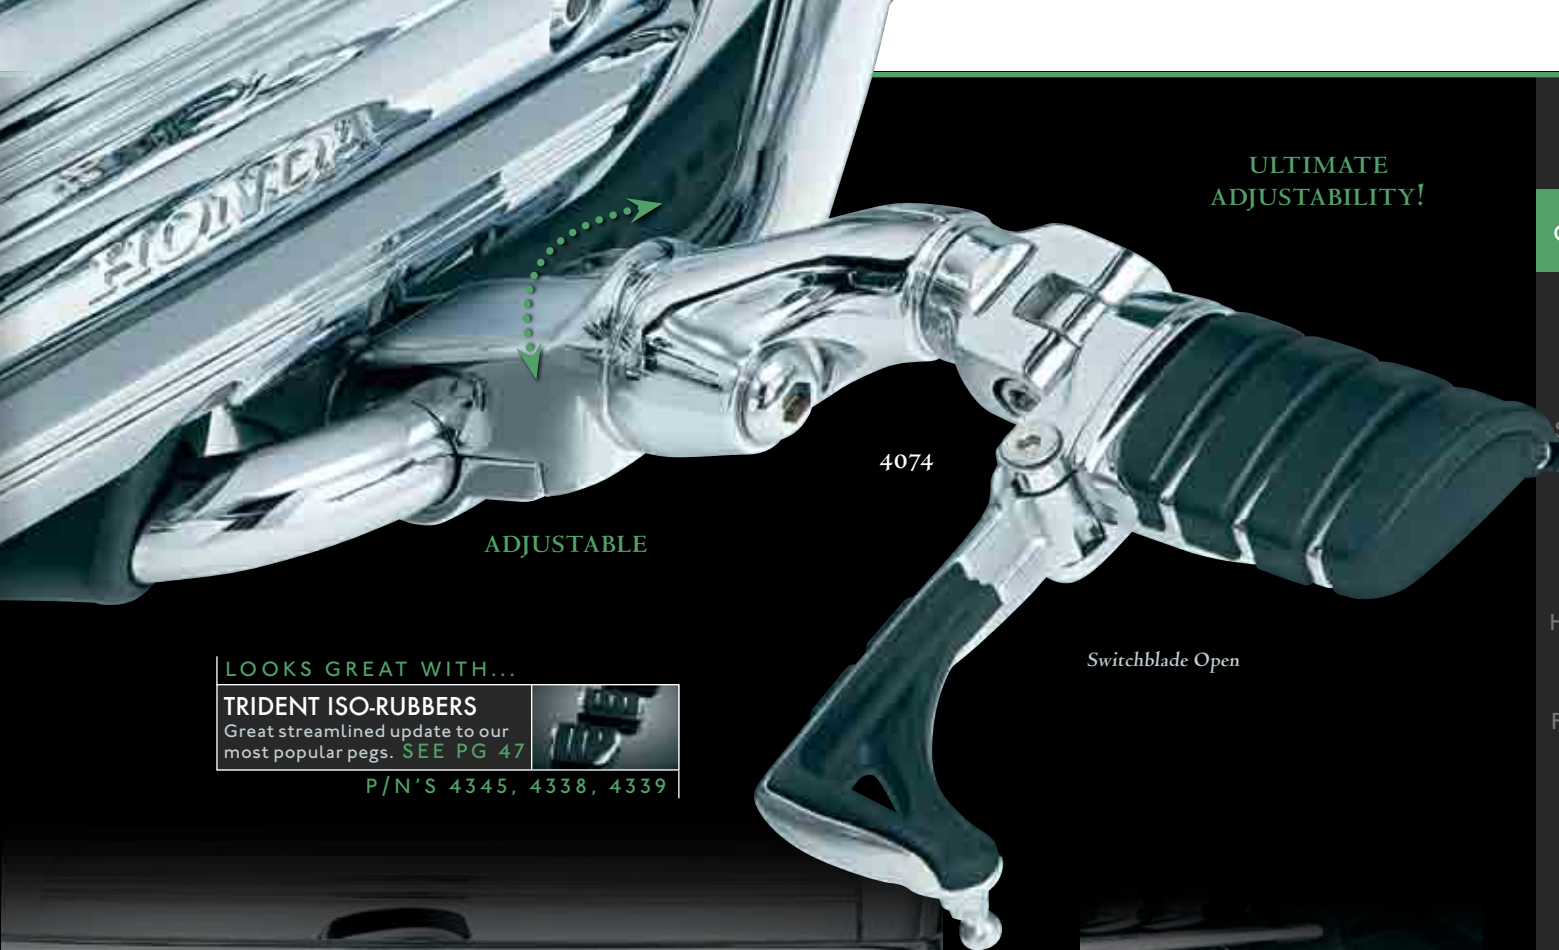

A good option for cruise peg mounts on the GL1800 - especially for the shorter rider. Because these mounts are attached to the clamp at a right angle, they can be positioned on engine guards in orientations impossible with other clamp-on pegs. This particular setup allows positioning on the 1800 engine guard at the closest point possible to the driver.

RIDER TESTIMONY

OUR TEST RIDERS COULD NOT BELIEVE THE PERFORMANCE & LEFT US WITH PRAISE FOR CREATING A PROTECTED COCKPIT OF AIR FOR BOTH DRIVER & PASSENGER. THE TRUE AMAZEMENTS WERE "NO BUFFETING OR POOR HANDLING WHEN PASSING THROUGH THE TRAFFIC OF 18 WHEELERS." THERE IS NOTHING ELSE OUT THERE THAT PROVIDES BETTER WIND PROTECTION UNLESS YOU'RE GETTING IN YOUR CAR OR TRUCK.

EXCELLENT
OPTICAL CLARITY

PERFORMANCE WINDSHIELD FOR GL1800

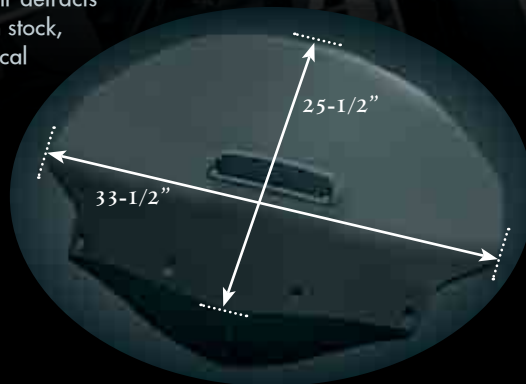

Being "in the wind" is a big reason why many of us ride. But too much turbulent air detracts from the experience. The new Performance Windshield is only slightly larger than stock, but it's contoured, wider design creates a more calm, comfortable envelope. Optical clarity is excellent & the hint of a tint reduces glare without hindering visibility. Stock mounting points & adjustability are retained similar to stock. Unlike some larger replacement windshields, vehicle stability & handling are not affected & the driver is not crowded by the windshield.

FEATURES

- Hard-coated polycarbonate for quality, strength, & scratch resistance
- Black gradient with vinyl protectors on lower portion to avoid abrasion

Fits: All '01-'10 GL1800 Models

I382	Performance Windshield with Rear Airfoil (set)	\$399.99
I383	Performance Windshield (ea)	\$299.99

Vent Not Included

Note: Vent not included. The Performance Windshield has the standard cutout for installation of OEM windshield vent. For '01-'02 GL1800's without vent we suggest ordering OEM GL1800 Windshield vent for installation. Do not use Rain-X or other ammonia based cleaning or protection products on this product.

REAR AIRFOIL FOR GL1800 U.S. Patent D601,066

If you want to greatly reduce buffeting & virtually eliminate annoying back draft this Rear Airfoil is the answer. You will be amazed at the almost still environment created for both driver & passenger when used with your stock windshield, or gain the ultimate in protection with the Performance Windshield. Made from hard-coated polycarbonate, the Rear Airfoil complements as a mere seven inch extension to the passenger seat.

FEATURES

- Hard-coated polycarbonate for quality, strength, & scratch resistance
- Easy detach
- Dark Smoke tint with aerodynamic styling to complement passenger seat

Fits: '01-'10 GL1800 Models

SUPER COMFORT!

SHEEPSKIN COMFORT COVERS FOR GL1800

SHEEP HAVE KNOWN IT ALL ALONG. No man-made material can match the ability to insulate from heat or cold, control moisture, provide resilient padding, or feel just as good as natural sheepskin. Our premium New Zealand, 1" thick shearling is sculpted & appropriately trimmed to provide the appearance of a fully custom seat. The industrial-strength stretchable edge tucks under the seat to be fully hidden & keeps the cover securely in place, yet can be easily removed in seconds if needed. Enjoy the ability to mount & dismount with ease, eliminate clammy, sticky, sweaty backsides & arms, & start enjoying the comfort of riding on air! Components are sold individually to meet your specific needs. Ewe won't believe the difference!

PASSENGER ERGONOMIC COMFORT WEDGE COVERS

Add the extra comfort your passenger deserves! These covers angle the top of your existing passenger pad 2" forward for full back support & an upright seating position while keeping the lower seating position. Standard or Sheepskin versions available.

TOURING SEATS FOR GL1800

DRIVER & PASSENGER SEAT BASE

The ultimate in seating comfort for both of you! This plush seat adds full enjoyment back into riding your wing. The full seat is 1" lower than stock with both contoured seat pockets pushed 1" to the rear. Angled back to cup your backside, the wider than stock 17" wide by 17" deep seat-pocket for driver & 18.5" wide by 13" deep seat-pocket for passenger, pulls you in – instead of pushing you out. A narrow front also aids in firmer ground footing for shorter riders. Coordinate with the stock passenger backrest pad or our passenger backrest for a more vertical seating position with improved upper back support. Constructed from the highest-grade seat materials with premium rigid seat pan- you won't find a better seat on the market.

HEATED DRIVER & PASSENGER SEAT BASE

All the features above with the addition of heat! Never have a cold tush on the road again.

Heated OEM Seat Models: Installs with direct plug-&-play installation. Simply select Seat Base &/or Passenger Backrest & you're on your way.

Non-Heated OEM Seat Models: Equipped with control switches (Hi/Low/Off) for dual zone driver or passenger. Everything you need for a simple installation.

Important Note: Non OEM Heat Applications - Heated Passenger Backrest requires Heated Driver & Passenger Seat Base for Heat Function. Heated Driver & Passenger Seat Base requires Heated Passenger Backrest for Heated Passenger Seat Base function.

THE ERGONOMIC COMFORT YOU DESERVE!

DRIVER BACKREST

What a difference small things can make. Our Driver Backrest plugs directly into the seat with support from an 11" top pad that narrows to 7" which gives ample passenger leg room. Fully adjustable even while riding, the 2" front/rear & 2-1/2" vertical adjustment will let you get the support exactly where you want it. Conveniently folds out of the way for easy passenger mounting. With this one, everyone will be happy!

PASSENGER BACKREST

Passengers will feel fully supported & can comfortably sit up more vertically with our Passenger Backrest. Angled 2" forward from stock at the top & pushed to the rear at the base. Add miles of enjoyment to your riding days.

NO NEED TO LOOSEN THE PIPES AND/OR SADDLEBAGS FOR INSTALLATION!

TRAILER HITCH FOR GL1800

Our Trailer Hitch is good looking, strong, & very easy to install. This hitch features a 6 point mounting system for superior strength & rigidity. Installation can be performed easily with the bike on it's center stand & requires only a few common hand tools. When installed, the mounting framework is completely out of sight. Only the hitch ball assembly & front mounting points are visible. The rear support plate is easily removed for quick & effortless tire changes. We feel there is no stronger, easier to install hitch available from any source, at any price.

TRAILER WIRING HARNESS

NEW

New & improved - Safely & effectively apply the load from your trailer lighting to the battery & not to the rest of the bike's electrical system.

- Eliminate blown fuses caused by overloading stock lighting or accessory circuits! Our Relay harness utilizes inputs from the motorcycle to direct power from the battery to the appropriate trailer lighting circuit.
- 5 Wire Plus 1: Our kits provide standard 5 wire output (run, brake, left turn, right turn, ground) plus a bonus wire that can be connected as needed to provide fused 12v power to the trailer for compartment lights or keyless entry systems that are wired independently of the trailers essential lighting.

- 5 to 4 Wire Converter: Plugs in & allows our Wiring & Relay Kits to power trailers requiring a 4-wire harness (run, left turn/brake, right turn/brake, ground). The bonus wire is still available to provide fused 12v power to the trailer for compartment lights or keyless entry systems that are wired independently of the trailers essential lighting. (includes 4-pin flat vehicle connector)

Note: Receptacle kits are not included because the style of receptacle used on trailers varies by manufacturer.
