Introduction

There is no doubt that the BUICKS of yesteryear are the greatest classics of all times. Models like the GS are truly pleasurable automobiles that must be preserved and enjoyed. We, like so many others, think BUICK has built yet another great automobile, the turbocharged Regal and Grand National. Capable of satisfying a need for speed while being wrapped in a luxury ride, the turbocharged Regal offers a unique driving experience! As so aptly put, the turbocharged Regal is..... ***BAD TO THE BONE***

We have owned and restored many automobiles, most of them BUICKS. We love & respect these great classics and realize the difficulty in obtaining the parts necessary to complete a restoration or just keep a classic maintained as a daily driver. Parts for these great cars are becoming obsolete at an ever increasing rate. It is with this respect, training and experience, that we understand the needs and desires of our fellow restorers.

For over 25 years we have strived to give BUICK enthusiasts a wide selection of quality parts at reasonable prices, backed by the best possible service. Today we have over one million BUICK parts in our 30,000 square foot facilities.

If you have any questions on parts or your restoration please call.

Thank you for your patronage.

Glenn D. Cecchine

Catalog Information

We take pride in offering you this catalog. In it, you will find a large selection of new, used parts, reproduction items, literature and supplies for your Regal, T-Type and Grand National.

In the front of this catalog you will find items that generally apply to all Regal, Turbo-T, T-Types and Grand National models. The final pages of this catalog offers you something special; a computerized listing of new and used parts that apply specifically to your model year.

This catalog is as well as the computerized portion is listed according to group and part number sequence as used originally used by General Motors. It is important that you know the Series, Model, Trim, Options, etc., of your car in order to understand the application. Many times the name and/or model of the car (i.e. "Regal", "Grand National", etc.) will be written out. However, it is necessary to sometimes to use model numbers (i.e. G47), RPO codes (i.e. MW9), engine* designations (i.e. 231-9) or specific sales options (i.e. Limited Pkg) to define the exact application. The information you need is the VIN number on your car, located on the lower left hand corner of the windshield, in the form of a strip metal plate and the RPO option label information located on the deck (trunk) lid.

NOTE: Engines are identified by the fifth character (1976-1980) or the eighth character (1981 & Up) of the Vehicle Identification Number (VIN) Example "7" would indicate a 3.8-7 Turbocharged engine.

All parts listed in the computerized section are new unless otherwise noted. All part numbers ending with the letter "U" indicate a used part. "R" indicates the part is rechromed, rebuilt, etc. NORS is New Old Replacement Stock.

New Old Stock Parts

As you look through this catalog, keep in mind that we have thousands of parts not yet inventoried. Additionally, we are continually finding and or reproducing new parts. Our catalog as well as our inventory is constantly being updated. As a service to our customers this ever changing list is available free via our website (www.oldbuickparts.com). For those without internet access, we offer a NOS subscription so that you may have first opportunity at receiving new items as they become available.

Cost of Subscription: \$15.00
Term of Subscription: 2 years
Mailings: Every three months; 8 in total
Dates: 3/1 6/1 9/1 12/1 3/1 6/1 9/1 12/1

The above rates apply to one year. If you have more than one year car, please add \$5.00 for each additional year. For example, if you have a 1981 and a 1987 the total cost would be \$20.00.

Showroom Hours:
Monday through Friday 9:00 a.m. to 4:00 p.m.
Most Saturdays till 12:00
Other hours by chance.
Visit by appointment only.
Always call before you come, just in case.

1986-1987 TURBO V6 HEADERS

Made in USA. The turbo flange is a precision cut 3/8" thick piece with elongated hole for precise turbo/downpipe alignment. This new and improved design is a second generation outcome. Featuring a driver's side header that is a direct stock replacement with a stock type crossover pipe. These should fit all downpipes that fit with stock headers. Header kits come with all gaskets and mounting hardware.

CARPET SETS

Our Carpet features custom molding for exact fit and premium dyes for ensured color fastness and non-fading. An actual Carpet Manufacturing Company makes the carpet and dyes it prior to installing the fibers on the backing. This greatly improves color fastness and the quality of the carpet. Jute padding is included

Available in many colors

Ordering Instructions

ORDER BY TELEPHONE or FAX.

Monday through Friday, 8:30 am to 5:00 pm.
Saturday 9.00 am to Noon. (other hours by chance).

Telephone: 908-369-3666

Fax: 908-369-7595.

ORDER BY MAIL. Please use Catalog Item Order Form, giving complete information requested. Order by Group and Part numbers where applicable. If you do not have enough space use back of the form or a plain piece of paper.

Shipping and Handling Charges

Shipping, Handling and Insurance charges are shown on the order form. Add 10% to orders under \$500.00 but not less than our \$9.90 minimum shipping charge. UPS charges additional for residential delivery so those charges will apply. We pay shipping on orders over \$500.00 of in-stock, non special order items by UPS within the 48 states (Not included are custom made items, rebuilt or special orders). Large items (fenders, hood, etc.) are shipped freight collect by common carrier. Foreign Customers please add 20% to order for shipping and handling. Additional shipping charges will apply to large or heavy items. (All Air Shipments, Blue Label, etc. are additional).

Means of Payment

Personal Checks: We reserve the right to hold personal checks pending their clearance.

Foreign: All orders are payable in U.S. funds only.

Damages in Shipment

Damage in transit is the responsibility of the delivering carrier. Retain all packing materials and immediately contact the carrier to file your claim. Do not return damaged items to us as further shipping will result in the loss of claim settlement.

Guarantee - Returns

Your satisfaction is very important to us. If you are not satisfied with an item please phone and tell us why. We will accept any returned item within 30 days of the sale (call first to obtain RMA) provided it is in good unused condition and is returned prepaid with a copy of our receipt. Parts returned through no fault of CARS, Inc. will be subject to a restocking charge. We will then (at our option) replace the item or refund the original cost. Not included in this policy are custom made items such as yard goods, carpets etc., electrical items, and some used parts. Labor charges are not refundable. Returns will effect discount and free shipping programs. Absolutely no claims/returns can be made after 30 days

Items returned without RMA approval # clearly marked on the outside of the box may result in loss of any return credit whatsoever.

Back Orders

In the event an item is not in stock at the time of the order, we will back order until the item comes in or for 30 days at which time you may request a refund.

Subject to Change

All prices, part numbers, specifications, policies and terms are subject to change without notice. All parts subject to prior sale. Always double-check when ordering. Not responsible for errors in print.

Large Order Discount

We will extend a discount of 10% on orders of new parts totalling over \$1000.00 paid for by cash, personal check or US postal money order. Excluded are custom made itmes and all services. Friends and club members should find this advantageous by combining their orders to meet the quantity discount. All items, however, will be shipped to one address. Actual shipping charges will apply.
