## Our view on comfort starts with durability

Because your sofa should be the place that lets you really relax. You know... so comfortable that you just want to sink into it the moment you walk in the door.

Because we believe that you and your sofa should happily grow old together, we perform endurance tests that simulate the wear and tear of everyday life.

It means that your sofa's frame can take the weight of the many others in your life... that the armrests can double up as seats... and the cushions will stay cushion-shaped. We've also thought about those little spills and stains that happen over time, so most of our sofas have removable and cleanable covers. Once they've been cleaned, the color won't fade to some washed-out version. Some sofas like EKTORP carry a 10-year limited warranty and others like IKEA STOCKHOLM have a 25-year limited warranty – giving you one less thing to worry about.

So once you've found your favorite, come to your local IKEA store and try-out the sofa you're going to sit back and enjoy for many years to come.

**1.** The seat cushions are made with highly resilient polyurethane foam, a material that maintains its shape and comfort for years. For extra comfort they also come with a layer of soft feathers. A tip on keeping EKTORP seat cushions in great condition? Fluff them a couple of times a year.

**2.** Super strong, yet very comfy, these padded armrests make the perfect extra seat.

**3.** Zippers make the covers extra easy to remove and put back on. Thanks to details like piping on the covers, EKTORP always has a tailored look and shape – even after being cleaned.

## KARLSTAD – Made for staying put

Just a tip; if you want to get things done, it's best to do them before you take a seat on KARLSTAD. Why? Because once you've sat down, you won't want to get going again. Each part has been designed to make your life a little more comfortable; the back cushions are extra soft to sink into, while the highly resilient foam seat cushions nicely support your body. The armrests have padding on the inside (great for leaning into) and on top – so you'll always have a comfy place to perch.

KARLSTAD has a 10-year limited warranty. Find out more on p. 57

# General conditions for Everyday Quality - Limited Warranties

## What is covered under the limited warranty?

The extent of the limited warranty given for each product is described alongside each product below.

## Duration of Limited Warranty:

Each limited warranty lasts for the number of years stated against each product below, starting from the date of purchase.

## What will be done to correct the problem?

IKEA will examine the product and decide if it's covered under this limited warranty. IKEA through its own service operations or authorized service partner, will then, at its choice, either repair the defective product or replace it with the same or a comparable product. In these cases, IKEA will be responsible for the costs of repairs, spare parts, labor and travel for repair staff that IKEA incurs, provided that the product is accessible for repair without IKEA incurring additional expenditure to gain access. This will not apply in cases where repair work has not been authorized by IKEA (or its authorized service partner). Any defective parts removed in the course of repair works will become the property of IKEA. If the item is no longer sold by IKEA, IKEA will provide an appropriate replacement. IKEA will decide at its discretion, what will constitute an appropriate replacement.

## Conditions for the Everyday Quality - Limited Warranties:

The limited warranties are valid from the original date of purchase of the product. In order to rely on this limited warranty, the original receipt is required as proof of purchase by the original purchaser. Exclusions: The limited warranties do not apply to products that have been stored or assembled incorrectly, used inappropriately, abused, misused, altered, or cleaned with wrong cleaning methods or wrong cleaning products. The limited warranties do not cover normal wear and tear, cuts or scratches, or damage caused by impacts or accidents. The limited warranties do not apply if products have been placed outdoors or in a humid environment or if the products have been used for non-domestic purposes (unless otherwise stated). The limited warranties are for the benefit of the original purchaser of the product and are not transferable. For details see the limited warranty conditions and description for every product.

## Care instructions:

To be able to claim this limited warranty you need to follow the specific care instructions for every product. You will find all care instructions with or on the product in the IKEA stores.

## General Legal Rights:

Some states and provinces do not allow the limitation or exclusion of incidental or consequential damage, so this limitation or exclusion may not apply to you. This limited warranty gives you specific legal rights, and you may also have other rights that vary from country to country, province to province or state to state.
